I, _____, the parent/legal guardian of _____ (minor), give my consent for medical and/or surgical treatment of this minor by a licensed health care professional should the need arise while he/she is attending Texas A&M University. I am aware that the practice of medicine is not an exact science and that no guarantees can be made concerning the results of treatment. I grant permission for treatment provided according to generally accepted standards of medical practice. This consent will be in effect from this date until the minor student reaches 18 years of age, unless cancelled earlier by me in writing.
